Why is cultural resources stewardship in the Red River Gorge important?

Student's Name: Brooklyn Everman Date: October 4, 2016

Classroom Teacher's Name/School Name: Mrs. Tonya Means - Merifree Elem.

Please write your answer – an essay between 300-500 words or a poster/photograph caption of 100 words or a video explanation of 100 words – on the following page(s)

Red River Gorge is a beautiful and natural place in nature. It'd be extremely disappointing if the future generations couldn't see it. Think about it, do we have enough malls? Yes. Can we live without ice cream? Yes! Leave it be! You'd destroy a beautiful place in Kentucky. It hurts Archeology Day, a fun time. If we lose the gorge, we lose that day. The pollution hurts, the more stuff built, the less

Clean the world is. But you can make a
difference! Stand up! Help it, so it never becomes
polluted! Protect it, for nature, and others to
see!
